

| عناوين مشاريع البحوث للعام الدراسي ٢٠٢٢-٢٠٢٣ | |
|----------------------------------------------|-----------------------------------------------------------------------------------------------------|
| اسم الطالب | عنوان البحث باللغة الانكليزية |
| مبين علي رشيد | Synthesis of new boroester compounds from vitamin B. |
| سما غالب هادي | Cellulose Nanocomposites As A Bio-fuels |
| احمد خالد | Electrochemical Sensor of Nickel Nanoparticles |
| رفل فؤاد | Magnetic solid phase extraction and spectrophotometric determination of doxycycline and vitamin B12 |
| مصطفى حسن | The biosensor and its applications |
| حوراء علي | Synthesis and biological activity of β -lactam derivatives |
| زهراء مصطفى | Peroxidase enzyme |
| ضحى كريم | Relationship between COVID-19 and Oxidative Stress |
| اسيا حسين | An Overview of Determination Nickel Metal in Chocolate Sample |
| ميلاد حسن | Taste Masking by using Complexation with Ion exchange resin |

| | |
|------------------------------------------------------------------------------------------------------------|---------------------|
| Synthesis of cefuroxime complex with Cobalt(II) ion | محمد عبد |
| Synthesis of Ceftazidime complex with Chromium (III) ion | موج عصام |
| Used of azo compound with antipyrine moiety as anti corrosion of carbon steel in saline media | مرتضى ناجح كريم |
| Applications of semiconductors at nano and macro scales | محمد فؤاد |
| P2X7 receptor | علي عبد الخضر سرحان |
| P53 | ملاك وليد خالد |
| Increased intake of fast food among young people and its relationship to high risk of heart disease | امنه عبد الحسن |
| Microfluidic paper based devices for determination of pharmaceutical | زينب كريم هادي |
| Total Protein, Albumin and Globulin in Iraqi Patients with Beta-thalassemia | سجاد محمد |
| Serum Catalase activity in patients with thyroid diseases | امامه يونس |
| Determination Ethacridine Lactate | رامي صباح |

| | |
|------------------------------------------------------------------------------------------------|------------------|
| Thiol compound | غفران هيثم محمد |
| INDUSTRIAL STUDIES OF SOME COPOLYMERS FROM POLYSTYRENE AND POLYBUTADIENE | نور نصير راغب |
| Organic Azides | سكينه عبد الناصر |
| Construction of Heterocyclic Scaffolds on Ketotifen by Carbonyl Group Functionalization | فاطمه عبد الستار |
| Biological studies of new synthesized imidazo (2,1- b)benzothiazole derivatives | سرى باسم محمد |
| Determination of acyclovir | علي مجيد |
| Estimation of some biochemical parameters in sera of Iraqi patients with Kidney failure | ساره سعيد شكر |
| "Kidney failure" | علي احمد رشم |
| Differences in Serum Lipid Profile Among Iraqi Adult Male Smokers and Non-Smokers | ساره اياد فياض |
| Oxidative Stress And Diabetic Complications | احمد علي جبار |
| Determination of isoxsuprine hydrochloride drug in analytical methods | فاطمه مهدي |

| | |
|-----------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|
| An Overview of Determination Cadmium metal in White Eyeshadow Cosmetics | بيداء محمد |
| Preparation , characterization of schiff base derived from Salicylaldehyde and 2,4- dimethylaniline and their complexes with some metal ions | فرح احمد |
| Extraction and spectrophotometric determination of Amoxicillin and Acyclovir in different samples | حسين كريم |
| THE ANALYTICAL METHODS FOR THE DETERMINATION OF FAVIPRAVIR | فاطمه هادي |
| Quantitative Spectrophotometric Determinations of Iron (III) in pharmaceutical formulation | مريم علي |
| Determination The Total Antioxidant in Red-Purple and White-Fleshed Pitaya | ساره احمد |
| Serum Triglyceride Levels in Iraqi Patients with Type 2 Diabetes | نور احمد هاشم فاضل |
| Synthesis, characterization and evaluation of some new chalcone derivatives as anti-oxidants | فاطمه طارش |
| Functionalization of N-H Bond for Access to New Derivatives of Desloratadine | دانيا فلاح |
| The Use of the O-H Group of 8-Hydroxyquinoline for Accessing New Derivatives | عبد الحق اسماعيل |
| Synthesis and Identification of Pyrazole Derivatives from Metoclopramide drug | رنا ثامر |

| | |
|----------------------------------------------------------------------------------------------------------------------------------|----------------------|
| Some applications of Schiff base Complexes as catalysts in organic synthesis | نبأ كامل |
| Pyrazole-3(4)-carbaldehyde Synthesis, Reactions and Biological Activity | سجاد منتصر |
| Oxidative stress and Down Syndrome | نسرين هيثم |
| Functionalization of the O-H group for accessing new Derivatives of 8-Hydroxyquinoline | رفل ضياء |
| Chalcones; Natural Source, Synthesis and Pharmacological Applications | تبارك محمد |
| EXTENSIVE STUDY FOR A TYPE OF ILLEGAL DRUG (METHAMPHETAMINE), PREPARATION METHOD, THEIR RISK OF USES AND EFFECTS ON USERS | نور الهدى خالد |
| Kidney Failure | مريم محمد قاسم |
| Metal-organic frameworks as Photocatalytic degradation of pollutants | ريم سالم غايب |
| Coordination Polymer based on phthalic acid and diamine: Preparation, Characterization and Antioxidant property | زهراء نزار عبد الحسن |
| Carbon nano tubes with The metal nanocomposite | رانيا قصي حسين |
| utilizing some nano metal oxide as adsorbent for removal of congo red dye from aqueous solutions | مصطفى احمد |

| | |
|-------------------------------------------------------------------------------------------------------------------------|---------------------|
| Design, Synthesis and Applications of Azo Compounds Derivatives | مصطفى حسين |
| Advancements in the Fenton Process for Wastewater Treatment | هدى باسم محيبس |
| Photoprotection | نور خالد عبد الجبار |
| Various Analytical Methods for Estimation of Bromhexine Hydrochloride | محمد علي ابراهيم |
| Doped Semiconductor Nanomaterials | يوسف حيدر كاظم |
| Anti – Oxidant Agent | شفق علي فاروق |
| Application of a xanthene dye, eosin Y, as spectroscopic probe in chemical and pharmaceutical analysis: a review | علي احمد |
| Copper Nanoparticle in Electrochemical Sensor | ايات عدي |
| Determination of pesticides residues using GC and HPLC techniques | شهلاء محمد |
| Chemical Flavourings | هدى محمد جاسم |
| Extraction and spectrophotometric determination of mesalazine and salbutamol in different samples | نبأ احمد فيصل |

| | |
|----------------------------------------------------------------------------------------------------------------|-----------------|
| Removal of Organic Pollutants from Industrial Wastewater by Applying Photo-Fenton Oxidation Technology | نور منذر خماس |
| sunscreen cosmetic | زهراء عباس علي |
| Determination of norfloxacin spectrophotometrically using 2,4-dinitrofluorobenzene | كوثر صادق |
| Spectrophotometric Determination of Iron in Lentil Sample | مازن محمد داوود |
| Bladder Cancer | شهد كامل علي |
| Solar Cell | ولاء بدر فاضل |
| Spectrophotometric Determination Of Glyoxylic Acid Using Tryptophane as a Coupling Agent | تقى منهاج |
| Determination of tenoxicam drug in analytical methods | عبد الله نمير |
| Assessment of Lead, Copper, and Manganese in Human hair Using Atomic Absorption Spectrometry | شهد خالد |
| Radiation treatment of breast cancer | زينة حسن محمد |
| Determination of vitamin C and evaluation of antioxidant power in some plant extracts Using FRAP method | نور الهدى فلاح |

| | |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------|
| Corrosion inhibition using plant extracts on carbon steel in 1M HCl | يوسف احمد عبوعب |
| Quantitative determination of bromazine hydrochloride in pharmaceutical preparations | مريم عمر هادي |
| Study Preliminary Analysis to Convert Waste Agriculral Biomass into Energy | مريم ناصر محمد |
| DETERMINATION OF IRON(II) BY AYAH 6Sx1-2D SOLAR CELL ANALYZER IN PURE FORM USING ABSORBANCE / FLOW INJECTION ANALYSIS | محمد اكرم عايش |
| Inhibition efficiency of Schiff base derivative for corrosion Carbon Steel alloy in 0.1 M of Hydrochloric acid solution | محمود كامل جاسم |
| Utilization density functional theory (DFT)to study some addition reaction of unsaturated aliph atic compounds | همام سعد عنبر |
| Preparation of silver nanoparticles: comparison of two methods using a green reducing agent and a chemical reducing agent | مرتضى هادي دحام |
| Evaluation of Alkaline Phosphatase Activity in Bodybuilders Gamers | سجاد محمد طارش |
| Preparation and characterization of a metal complex derived from SnCl₂ and 2, 4-dinitrohydrazine and study of its biological applications | ندى اياد |
| Using potato peels for removal color pollutants from wastewater by adsorption technique | حوراء عباس كريم |
| employing hartree-fock(HF)to study some addition reaction of unsaturated aromatic side-chain compounds | ابراهيم محمد كريم |

| | |
|----------------------------------------------------------------------------------------------------------------------|-------------------|
| Curcumin and Curcumin Derivatives as Green Corrosion Inhibitor | ضرغام لطيف سلمان |
| Determination of Iron in The Blood | عذراء رعد شاكر |
| Antioxidant activity of some monofloral honey types produced in Iraq | زهراء عبدالرزاق |
| A study of use a smartphone for determination of iron (III) ion | اية عبدالحسين عبد |
| An Overview of the Lead Metal Contaminations in Liquid Milk Samples | بتول عدنان نعمه |
| Synthesis and characterization of new coumarin sulfonamide derivative | رسل عبدالكريم |
| Simple spectrophotometric determination of cefepime in pure and pharmaceutical injections | اية مكي يحيى |
| Silver Nanoparticles from Stevia Rebaudiana, Synthesis, Characterisation and Bioactivity | ايه قاسم محمد |
| Design, Synthesis and Biological Activities of 1,2,3-Triazole Derivatives in Medicinal chemistry | مهند حازم محسن |
| Preparation and characterization of Chalcone Co (II) complex as a photocatalytic degradation of dye pollutant | امنة سالم طعمة |
| Synthesis and characterization of hybrid nanocomposite | امل ماجد ابراهيم |

| | |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------|
| Antioxidant activity of some monofloral honey types produced in Iraq | زهراء عبد الرزاق محمد علي |
| Preparation and characterization of schiff base derived from semicarbazide hydrochloride with Salicylaldehyde and their complexes with some metal ions | مصطفى حسين جاسم |
| Quantitative Spectrophotometric Determinations of Iron (III) in Soil samples of Ishaqi irrigation project | نهى عبدالحسن |
| Water analysis of the Tigris, Euphrates Rivers and the Najaf Sea in Mideast of Iraq | منتظر نوري فاضل |
| Development and validation RP-HPLC method for simultaneous estimation of flurbiprofen and nimesulide in pharmaceutical preparations | مريم حسن هادي |
| Determination of Vitamin-C by Ayah 6S×1-2D solar cell analyzer-continuous Flow injection analysis in pure drug | فاطمة خضير عبد الخضير |
| Synthesis of imidazo [1,2-a] pyrimidine derivatives | عبدالرحمن رعد جدعان |
| Mono amine oxidase in patients with B-thalassemia | شهد كامل دحام |
| Spectrophotometric Determination of Pseudoephedrine in Pharmaceutical Preparations | دنيا رياض نعيم |
| Microfluidic Paper-Based Technology For Analysis Drugs and Pesticides | قبس طارق عباس |
| Determination of Diazepam Based on Molecular Imprinted polymer | نهى علي دعيير |

| | |
|--------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| Determination of Gold in different Samples using Several analytical techniques | مريم سعد عبدالسيد |
| Synthesis of Some Derivatives of Mefenamic Acid | تبارك سمير خالد |
| Determination of Heavy Metals in Some Fruits and Vegetables | اسيل حيدر فهران |
| magnetic molecularly imprinted polymers:synthesis and applications in the selective extraction of antibiotics | زهراء محمد جاسم |
| Determination Of phosphorus in different analytical methods | لبنى علي عبدالحسين |
| Inhibition efficiency of Schiff base derived from Amiloride for corrosion Carbon Steel alloy in 3.5% Sodium Chloride Solution | رقية جبار حسن |
| SYNTHESIS AND CHARACTERIZATION OF A NEW HYPOGLYCEMIC AGENT DERIVATIVE USED AS A DRUG FOR THE TREATMENT OF DIABETES | زينب عادل عبد السلام |
| adsorption of Cr(V) from aqueous solution using egg shell -based cobalt oxide-zinc oxide nano-comosite | شهد فاضل عباس |
| Study the corrosion of carbon steel in acidic solution | نور اسامة |
| Retention Behavior of Flavonoids under Hydrophilic Interaction Chromato- graphic (HILIC) | دنيا وسام صبحي |
| Applications of Gibb's Reagent (2,6-Dichloroquinone-4-Chloroimide) in Drug Analysis | هدى حامد زيدان |

| | |
|---------------------------------------------------------------------------------------------------------------------------------|-------------------|
| determination of cephalixin based on molecular imprinted polymer | ديانا محمد جليل |
| Graphene Based Electrochemical sensors and Biosensors | زينب كريم اسماعيل |
| Preparation methodologies for TiO ₂ Nano particles for the last two decades | مصطفى قاسم سلمان |
| Synthesis and Characterization of Oxindole Derivatives and Studying Their Pharmaceutical Significance | عدن علي حمادي |
| Application of single walled carbon nanotubes for the last two decades | ساره محمد هادي |
| evaluation of MMP-GENE expression and some biochemical parameters in Iraqi patients with nephropathy | زهراء محمد ملك |
| Concentrations and dietary exposure to polycyclic aromatic hydrocarbons (PAHs) from grilled and smoked foods | هداية صفاء حسين |
| Determination of (carbonates, bicarbonates, copper, cadmium and nitrate) in the Tigris , Euphrates rivers and the Sea of Najaf. | بتول جاسم علوان |
| Using waste tea as adsorbents to remove pollutants from waste water | امنہ صادق |
| Synthesis and characterization of hybrid nanocomposite | أمل ماجد إبراهيم |
| Preparation of silver nanoparticles: comparison of two methods using a green reducing agent and a chemical reducing agent | مرتضى هادي دحام |

| | |
|--------------------------------------------------------------------------------------------------------------|----------------------|
| analytical methods for graphene | نبأ علي |
| Carbon nano tubes with The metal nanocomposites | رانيا قصي حسين |
| Complexes of adenine : preparation , identifecation and antimicrobial effectiveness | بنين حيدر عبد الحسين |
| Synthesis and characterization of oxindole derivatives and studying their pharmaceutical significance | عدن علي هادي |
