

مشاريع تخرج 2023 2024 قسم علم الارض		
مشاريع التخرج	اسماء الطلاب	ت
Reservoir properties using well logs of Mishrif Formation in Buzurgan oil field	رقية مهدي عبدالحسن	1
BIOSRATIGGRAPHY OF CRETACEOUS – TERTIARY BOUNDARE AT SELECTED SECTIONS – NORTHERN IRAQ	زهراء بشار بدر	2
Petrographical and Geochemical Study of Khasib Formation in East Baghdad Oilfield- Central Iraq	زهراء فوزي عبد	3
Geological Lineaments Interpretation in a Selected Area Northern Iraq	زهراي ياسين جياذ	4
Cross-correlation interferometry to determine crustal structure boundaries and sedimentary cover in Dhafriyah and Kumaite oil fields	زينب علي ناصر	5
A Comparative Study of Radioactivity Levels in Sediments of the Euphrates and Tigris Rivers	سلام عماد عواد	6
Soil, Cement, Relationship And Some Problems	شهد حسين موسى	7
subsurface structure study of Tuba structure, southern Iraq	صلاح عمار المختار	8
Applying SWAT Model to Estimate the Annual Runoff of Albu Ali Jassim Area, Western Iraq	عباس فاضل ماجد	9
HYDROGNSS - GNSS REFLECTOMETRY REMOTE SENSING MISSION	عباس مصعب عبدالمحسن	10
A review study for application of Potential Geophysical Methods used in Archaeological prospections	علي جاسم محمد	11
A Thesis Submitted to the College of Science University of Baghdad in Partial Fulfillment of The Requirement For The Degree of Bachelors of Science in Geology	علي مختار عيدان	12

BIOSTRATIGRAPHY AND MICROFACIES ANALYSIS OF MISHRIF FORMATION FROM SELECTED WELLS IN NOOR OIL FIELD, SOUTHERN IRAQ.	عمار محمد حمود	13
Mineralogy, geochemistry, and radioactive element content in soil and bitumen from Al-Marj spring to Abu- Jirvillage, Al-Anbar Governorate, western Iraq	كرار عامر سعدون	14
COMPARISON BETWEEN TUNNELS AND BRIDGES	مريم احمد ابراهيم	15
HUMAN HEALTH RISK ASSESSMENT OF AL HAMMAR MARSH WATER , SOUTH OF IRAQ	ملاك اياد محمد	16
SIESMIC DATA PROCESSISING: Case study on using Multiple Removal from 3D seismic data	فاطمة محمد سلمان	17
Induced Seismicity	عمر شكر احمد	18
Reviewing geotechnical problems that are related to soil water content	نور ثائر جاسم	19
Hydrochemistry study for Al - khasfa area Al - Anbar , western Iraq	هبة عمر خطاب	20
